STARTING IN BUSINESS

(Copyright, 1912, by Geo. E.
Patterson)

An eminently successful man gives
as a basis of modern big business suc-
cess three words: Organize, Deputize,
Systematize.

There is no question but that suc-
cess could be thus attained in any
line of business.

When a man has determined to em-
bark in a retail business he will know
several things if he is wise. He will
know how much he intends to invest
in business, what his expenses will
be, what is margin of profit will be,
and the amount of business he may
reasonably expect to do. The better
he knows each of these the stronger
will be his organization, the surer and
more certain will be his success.

After he has acquired a knowledge
of his business and is open for busi-
ness, the first great problem that con-
fronts him is how to get business.—
In fact, the problem of getting and
holding business is the greatest prob-
lem in the retail world today.

The problem of getting business
looks easy to the inexperienced, but is
in fact most difficult. A merchant
may start out personally to drum up
business, but he soon finds this very
expensive. The enterprising mer-
chant will soon learn that it is far
cheaper and more feasible to deputize
someone or force to assist, under his
careful supervision, in the task of get-
ting business.

What medium to use is a matter for
each merchant to settle for himself,
but if we are to judge future success
by past success there is no question
that the local newspaper is the cheap-
est and best medium to use in getting
and holding business, all things con-
sidered.

ford.

Fresh apples imported into the
British Isles during the first two
months of 1914 declined to 50,000-
000 pounds, having averaged 85,000-
000 pounds in the like period in 1913
and 1912.

The heart of the vegetarian is said
to beat on an average of fifty-eight
beats to the minute, while that of the
meat eater averages seventy-two, a
difference of 22,000 beats in twenty-
four hours.

To cool the air far under ground
and thereby permit the miners to
work longer shifts, the owners of a
German coal mine compress air at
the surface of the ground and pipe
it through the workings.

Women are gradually supplanting
men in the silk mills in this country.

Austrian Reservists at Consul Gen-
eral's Office Wanting to Go Home

A few hours after the Austrian gen-
eral consul for the United States in
New York had issued a call to arms
to the reservists of the Austrian army
in the United States the office swarm-
ed with them. From far and near
about New York they had come to
offer their services and to learn when
they should be shipped back.

Vice-Consul Frederick Fisherauer,
as shown in the photograph, was so
busy taking names and addresses of
the applicants that all other business
was suspended. It has been said
there are 100,000 reservists of the
Austrian army in the United States.
These men are under oath to return
to Austria any time the call comes.
It is believed the oath precludes them
from swearing allegiance to the Unit-
ed States, as would be required were
they to become naturalized citizens.

Voters May Recall
Woman City Officer

United Press Service
COLORADO CITY, Colo., Aug. 5.—
Because, it is alleged, she "spends
too much time doing fancy work,"
Mrs. May Ammerman, commissioner
of records and police magistrate of
Colorado City, has been made the
victim of a recall petition—the first
woman officeholder in the history of
the country to face the recall.

Simultaneously, recall petitions
have been circulated against Mayor
J. D. Faulkner and Commissioner of
Public Highways Charles B. Myles.

Here are some of the things charged
against Mrs. Ammerman in the
petition circulated against her:
"She keeps books for a fraternal
order and does the work on city
time."

"She voted for the purchase of a
dilapidated, second-hand automo-
bile, which was a needless luxury."

"She used the power of her office
to vent her spite on political enemies."

"She voted for an expenditure of
\$2,500 for a culvert which could have
been built for several hundred dol-
lars."

"She jeopardized the interests of
the city by not attending strictly to
her duties as police magistrate."

Mrs. Ammerman says she welcomes
any investigation of her official con-
duct. She denies with vehemence,
however, that her fancy work has
interfered with the conduct of her
office.

"That charge is merely brought by
opponents of woman suffrage because
the charge looks good in print,"
laughingly said Mrs. Ammerman.

Resolution of Condolence
Whereas, The Great and Supreme
Ruler of the Universe, has in His in-
finite wisdom removed from amongst
us one of our worthy and esteemed
sisters, Mrs. C. E. Widdoes; and
whereas, the long and intimate rela-
tion held with her in the faithful dis-
charge of her duties in this union
make it eminently befitting that we
record our appreciation of her;

Resolved, That the sudden removal
of such a life from amongst our midst
leaves a vacancy and a shadow that
will be deeply realized by all the
members of this union and will prove
a serious loss to the community and
the public.

Resolved, That with deep sym-
pathy with the bereaved relatives of
the deceased we express our hope that
even so great a loss to us all may be
overruled for good by Him Who doeth
all things well.

Resolved, That a copy of these res-
olutions be spread upon the records
of this organization, a copy printed
in the local paper and a copy for-
warded to the bereaved family.

MRS. ROSE A. HARPOLD,
EMMA R. GRIGSBY,
MRS. H. C. CHAMBERLAIN.

Baroness Worporgo, one of the
smartest women in Vienna society,
was one of the first among the Aus-
trian aristocracy to take up avia-
tion.

THREE CENT FARE
ISSUE IN TOLEDO

CITY ELECTORS VOTING ON THE
PURCHASE OF RAILWAY, GAS
AND OTHER PUBLIC UTILITIES.
LABOR LEADS IN CAMPAIGN

United Press Service
TOLEDO, O., Aug. 5.—A special
election is in progress here today to
decide on the proposed \$8,000,000
bond issue for the purchase of the
street railway system and its allied
utilities—the power, gas and heat-
ing plants.

Labor organizations are behind the
project and the voting today followed
a spirited campaign of preliminary
appeals to the people.

The street car company several
months ago refused to lower its fares
to three cents, even though the city
council so ordered.

The council consequently held up
the franchise grants and the contro-
versy remains in litigation. The elec-
tion today will either close or reopen
the three-cent fare issue.

EUREKA SOON TO
HAVE RAILROAD

PROSPEROUS CITY ON EUM-
BOLDT BAY WILL LOSE ITS
UNIQUE DISTINCTION IN THE
MONTH TO COME

United Press Service
EUREKA, Calif., Aug. 5.—Eureka
is soon to lose its distinction of be-
ing the largest city in the United
States unconnected with the outside
world by railroad.

In September the last spike will be
driven in the line by which the North-
western Pacific will enter Eureka by
way of Eel river canyon.

The line will open a territory about
3,000 miles square in extent and rich
agriculturally, pastorally and miner-
ally, which has hitherto been closed
to the world. The line will also be
one of the most picturesque in the
world.

Ohio Will Vote on
Suffrage Next Fall

United Press Service
CLEVELAND, Ohio, Aug. 5.—That
the voters of Ohio will be given the
opportunity to vote on a woman suf-
frage amendment at the general elec-
tions on November 2d was made cer-
tain today when petitions with more
than 200,000 names were on the
secretary of state, asking
submission of a proposed
constitutional amendment to that
effect to the voters of the commonwealth.

The preliminary step in the
suffrage campaign comes as the
of hard campaigning by an or-
ganization as complete as any ever
in Ohio. In every county and to
throughout the state, suffrage
ers, with petitions, have covered
ally every inch of ground in
fort to procure signatures and
voters to their side.

With the filing of the peti-
tion came stories of how signatures
many cases were secured from
who had hitherto opposed vote

women. Names were written
in fence corners, on plow handles
on street cars. One woman was
climbing a roof to get the signa-
ture of two workmen. Another
woman is capable of man's work,
got the coveted signature.
"We are going to succeed,"
time," is the word passed out
by Mrs. Harriet Upton Tyler, pre-
sident of the Ohio suffrage organ-
ization. "Two years ago we hoped
to win, but we were scattered and
organized, but that gave us our
moment. Next November 2d Ohio will
known as the second state east
the Mississippi to give its women
franchise that is their right."
